WE ARE GROWING!
We need your continued support!

WOW! What a summer it has been! Together we have created and mastered a new "normal" in our kitchen routine. We continue to deliver our freshly prepared meals every Monday to all of our clients complete with a grab and go breakfast for our drivers and volunteers graciously donated each week by local companies. We are blessed to be able to pass on helpful resources to our seniors each week in their homes provided by these companies. As we grow, 6 of our current routes are full and we are so excited to announce that we are beginning 3 new routes in October - Bucksport, Loris, and Longs! God continues to bless His ministry with faithful servant hearted volunteers that give selflessly each and every week to serve our seniors and home bound neighbors showering them with love, compassion, and the presence of Jesus. Please continue to pray with us as God builds His Ministry for Horry County!

We need YOU!
become a WAYMAKER

Your generosity allows our ministry to continue. We are in need of consistent monthly donors to ensure that our programs continue weekly for our seniors and families in the community. All gifts are greatly appreciated and are 100% tax deductible.

FREEDOM Missions Program Launched

KIDS & LOW INCOME NEIGHBORHOOD PROJECT

During COVID this spring when all things shut down, Meals on Wheels had the opportunity to step up and assist the school systems and other areas with meals. This experience touched each of us deeply and shined a brighter light on a problem we knew existed but heightened our awareness to how broad it truly was. From this, FREEDOM Missions was launched. FREEDOM Missions is a separate program in the Meals on Wheels family focusing on 3 neighborhoods in our county. Every Wednesday evening and the 3rd Saturday of every month, we head to these neighborhoods and provide cookouts, bible studies, tutoring assistance, goody bags, baby clothes and household necessities. Our goal and purpose behind FREEDOM Missions is the acronym SEED - SOW, EMPOWER, EDUCATE, DEPLOY. Our hope and prayer is that by building the relationships in these communities and sowing SEEDS, we will EMPOWER them to make a difference by offering tools and resources to make a change, EDUCATE them in God’s word and with tangible trades that they can then DEPLOY and be the light to others around them. For more information about this program and how to get involved, please visit our Facebook page - Freedom Missions - a program of Meals on Wheels of Horry County, Inc.

"The farmer plants SEEDS by taking God's Word to other's."

MARK 4:14
